

Afloat Recreation Program Management

Learner Workbook

INTRODUCTION

Welcome to the Commander Navy Installations Command (CNIC) Fleet & Family Readiness (FFR) Deployed Forces Support (DFS) *Afloat Recreation Program Management* Learning Event. This Learning Event will prepare members of the Afloat Recreation Program at any afloat command with the knowledge and skills to:

- Successfully prepare to pass the CNIC Afloat Recreation Program Inspection
- Provide a quality recreation program in alignment with the Navy Afloat Recreation & Fitness (Shipboard) Standards
- Identify policy, resources, and ideas to create an afloat recreation program to benefit the entire crew

MATERIALS

Each Learner is provided a:

- *Afloat Recreation Program Management Learner Workbook*. Personalize this workbook with notes, highlights, and action items.
- *CNIC Inspection Guide*: Use this tool to prepare for the CNIC Afloat Recreation Program Inspection.
- *Afloat Recreation Program Management CD*: Familiarize yourself with this as it contains all Learning Event materials, policies and instructions associated with managing an afloat recreation program and sample forms.

ACTION ITEMS

Create a plan of action to improve the command's afloat recreation program by recording action items in the *CNIC Inspection Guide Blue Pages*.
